MEMORANDUM FOR: The Director

I spoke with Bill Miller today since you were unable to reach Senator Church yesterday regarding "informal" briefings with respect to authorized covert activity. I stressed the "informal" rather than obligatory nature of the briefing which was fine with Miller.

Miller says that he believes that Senator Church would very much want the whole Senate Select Committee to be briefed. I told him that this can be arranged at the Committee's convenience upon their return to Washington. Miller will let us know.

I will speak to Searle Field along the same lines.

Special Counsel to the Director
